

SUPPLEMENTARY FIGURES

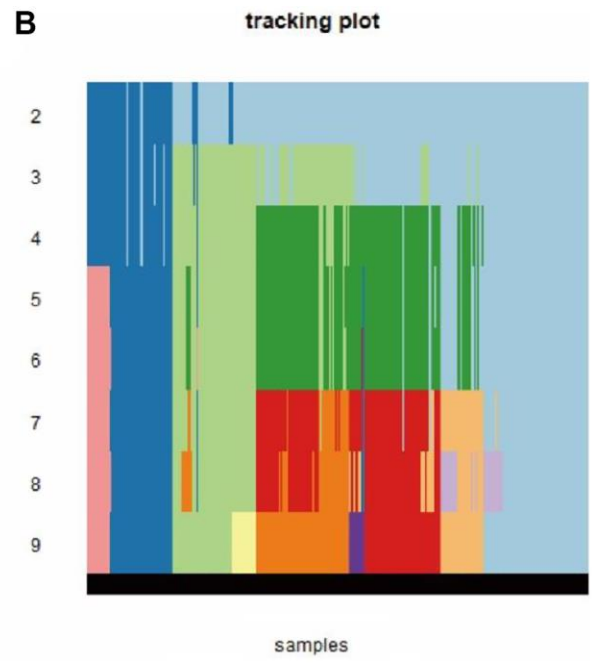

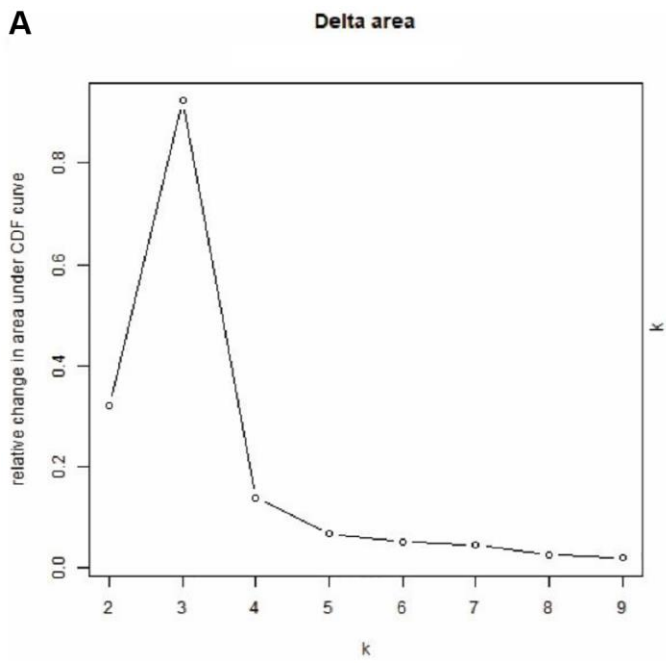

Supplementary Figure 1. 282 PANoptosis-associated lncRNAs significantly associated with survival.

Supplementary Figure 2. K-M curves for the seven PANRI-associated lncRNAs.

Supplementary Figure 3. Correlation of high- and low-risk subgroups with the expression levels of PANoptosis genes.

Supplementary Figure 4. Consensus clustering analysis (CCA). (A) Delta area plots (k = 2–9). (B) Tracing plots for CCA (k = 2–9).
