

SUPPLEMENTARY FIGURES

Supplementary Figure 1. Average litter size in the *Wntless* *Flox/Flox* and *Wntless* *Flox/Flox*, *Amhr2-Cre* mice. ***P*<0.01.

Supplementary Figure 2. The depletion of *Wntless* in mouse granulosa cells do not influence their uterine morphology and weight, and their ovarian appearance and weight. (A) HE staining of uterine morphology at 8 and 24 h post-hCG treatment. (B) Ovarian appearance (top) and weight (bottom) at 8 h post-hCG treatment.
